An article by John Marks in the FORT MILL TIMES today titled "Sewage could scare off Ga. man" really gave me pause. Inaction by our State and City leaders is bringing our worst fears to fruition.

As these spills continue and the word is constantly broadcast, it becomes inevitable that growth will stop and existing residents will consider moving away. Do our leaders have to wait until this time is upon us to find a solution? I pray not. As many Tega Cay residents, I have a sizable investment here and pay lots of taxes. The thought of it going up in smoke, I mean poop, is very disturbing!

The time for action is now. PLEASE FIND A SOLUTION!!!!

Tom Holmes
